SKILLS

Programming Language

Java, Python, CSS, HTML [Beginner]

Database

MySQL

CO-CURRICULAR

Aavishkar 2022-23 (Maharashtra State Inter University Research Convention)

Collaborated to create impactful presentation

RAMCHANDRA PARAB

EDUCATION

BSc IT, Vidyalkar School of Information Technology

2021 – 2023

Pass CGPA – 8.9

HSC- Bhavan's College

2019 – 2021

Pass % - 53.84

PROJECT EXPERIENCE

Admission Predictor System

- Utilized Plotly Library to build visualizations of previous year cutoffs data to conduct trend analysis.
- Built a predictive model using pipeline infrastructure and multiple linear regression predicting probabilities of procuring admission within threshold and deployed using Streamlit, a web based interactive model.

Travel Management Web Application Using Java

- designed and implemented a comprehensive Travel Management System. This dynamic application facilitates seamless customer details management, hotel booking, updates, and deletions. Additionally, it boasts a secure and streamlined payment option through Paytm integration. My system showcases expertise in Java, database management, user interface design, and payment gateway integration.

CERTIFICATION

Java SE Programmer Certification

Python Training from IIT Bombay Spoken Tutorial

Web Development- Microsoft
